

JUST SAY YES! ADOPT A CLASS

At Adopt A Class, we have a vision where all students in Greater Cincinnati and Northern Kentucky have access to caring adult mentors who provide exposure to a breadth of life and career experiences so students can unleash their full potential.

We're inviting **YOU** to help us make this vision a reality this school year! Our new campaign, "**JUST SAY YES**", strives to bring in **1,000 new mentors** to match with students in classrooms in our underserved communities. We need YOUR help in making this possible!

**Refer a contact whose company
would make a great mentor team!**

**Make a \$10 monthly recurring
donation to support our students!**

HERE'S WHAT OUR PARTNERS ARE SAYING....

97%

of mentors state they would recommend participation in Adopt A Class to other organizations.

91%

of mentors state participation in Adopt A Class was a positive decision by their employer because it contributes to a positive work culture.

85%

state participation in Adopt A Class has positively impacted my professional growth (leadership, planning, communication, etc.)

76%

of mentors state they have a better understanding of how poverty affects the students of the community where I mentor.

"Our mentors have the chance to form caring connections with the bright, eager, and loving children in our public schools, an experience that builds community among the teams and enhances their job satisfaction. At the same time, our students have the chance to be inspired by their wonderful mentors who open the world of future possibilities for them. I've visited school districts all over the country, and there is nothing that holds a candle to Adopt A Class." - **Jeff Soule, Republic Services**
